## **Velocity Increases Previously Announced Non-Brokered Private Placement to \$5.8 Million**

***Not for distribution to United States newswire services or for release, publication, distribution or dissemination directly, or indirectly, in whole or in part, in or into the United States.***

**Vancouver, British Columbia** – Velocity Minerals Ltd. (TSX.V: VLC) (“**Velocity**” or the “**Company**”) announces that the previously announced (see news release dated January 23, 2020) non-brokered private placement (the “**Financing**”) will be increased from \$3,000,000 to up to \$5,800,000 due to higher than expected investor demand for the Financing and the exercise of existing shareholder *pro rata* participation rights.

The Financing will now consist of up to 14,500,000 units of the Company (each, a “**Unit**”) priced at \$0.40 per Unit for total gross proceeds of up to \$5,800,000. Each Unit will consist of one common share in the capital of the Company (each, a “**Share**”) and one-half of one common share purchase warrant (each whole warrant, a “**Warrant**”), with each Warrant entitling the holder thereof to purchase one Share at a price of \$0.55 per Share for a period of 18 months from the closing of the Financing.

The proceeds of the Financing are intended to fund ongoing work at the Company’s gold projects in Bulgaria and for general working capital. All securities issued in connection with the Financing will be subject to a hold period of four-months and one day in Canada. The closing of the Financing is subject to TSX Venture Exchange (“**TSXV**”) and other regulatory approval.

The Company may pay finder’s fees on a portion of the Financing consisting of a cash commission equal to 7% of the total gross proceeds raised under the Financing and non-transferrable finder’s warrants (each, a “**Finder’s Warrant**”) equal to 7% of the number of Units issued. Each Finder’s Warrant will entitle the holder thereof to purchase one Share at a price of \$0.40 per Share for a period of 12 months from the closing of the Financing.

This news release does not constitute an offer of sale of any of the foregoing securities in the United States. None of the foregoing securities have been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**1933 Act**”) or any applicable state securities laws and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the 1933 Act) or persons in the United States absent registration or an applicable exemption from such registration requirements. This news release does not constitute an offer to sell or the solicitation of an offer to buy nor will there be any sale of the foregoing securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

### **About Velocity Minerals Ltd.**

Velocity is a gold exploration and development company focused on southeastern Bulgaria. Velocity’s strategy is to develop a low cost centralized “**Hub and Spoke**” operation whereby multiple projects within this emerging gold district produce gold concentrates for trucking to a central processing plant for

production of doré. The Company envisions staged open pit mining of satellite deposits and processing in a currently operating carbon-in-leach (CIL) plant. Velocity has a 70% joint venture interest in the Rozino gold project and has entered into option agreements to earn a 70% interest in the Obichnik, Makedontsi and Sedefche gold projects, with Gorubso Kardzhali A.D., an established and respected mining company in Bulgaria. Velocity's management and board includes mining industry professionals with combined experience spanning Europe, Asia, and the Americas as employees of major mining companies as well as founders and senior executives of junior to mid-tier public companies. The team's experience includes all aspects of mineral exploration, resource definition, feasibility, finance, mine construction and mine operation as well as a track record in managing publicly listed companies.

**CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS:** This news release includes certain forward-looking information (collectively, "forward-looking statements") within the meaning of applicable Canadian and U.S. securities legislation, including the United States *Private Securities Litigation Reform Act of 1995*. All statements, other than statements of historical fact, included herein including, without limitation, statements regarding the amount of the Financing (and any potential upsizing thereof), the intended use of the proceeds from the Financing, the payment of finder's fees, and the anticipated business plans and timing of future activities of the Company, are forward-looking statements. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Often, but not always, forward looking statements can be identified by words such as "will", "plans", "expects", "may", "should", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", "believes", "potential" or variations of such words including negative variations thereof, and phrases that refer to certain actions, events or results that may, could, would, might or will occur or be taken or achieved. In making the forward-looking statements in this news release, the Company has applied several material assumptions, including without limitation, that market fundamentals will result in sustained gold demand and prices, the receipt of any necessary permits, licenses and regulatory approvals in connection with the future development of the Company's Bulgarian gold projects in a timely manner, the availability of financing on suitable terms for the development, construction and continued operation of the Company's Bulgarian gold projects, the completion of the Financing, and the Company's ability to comply with environmental, health and safety laws.

Forward-looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to differ materially from any future results, performance or achievements expressed or implied by the forward-looking information. Such risks and other factors include, among others, operating and technical difficulties in connection with mineral exploration and development and mine development activities for the Company's Bulgarian gold projects, estimation or realization of mineral reserves and mineral resources, the timing and amount of estimated future production, costs of production, capital expenditures, the costs and timing of the development of new deposits, the availability of a sufficient supply of water and other materials, lack of investor interest in the Financing, requirements for additional capital to fund the

Company's business plan, future prices of precious metals, changes in general economic conditions, changes in the financial markets and in the demand and market price for commodities, possible variations in ore grade or recovery rates, possible failures of plants, equipment or processes to operate as anticipated, accidents, labour disputes and other risks of the mining industry, the inability to or delay in obtaining governmental and regulatory approvals (including of the TSXV for the Financing), permits or financing or in the completion of development or construction activities, changes in laws, regulations and policies affecting mining operations, hedging practices, currency fluctuations, title disputes or claims limitations on insurance coverage and the timing and possible outcome of pending litigation, environmental issues and liabilities, risks related to joint venture operations, and risks related to the integration of acquisitions, as well as those factors discussed under the heading.
